\* June 14, Last day of school, 8th grade ceremony from 9:50-11

## STEAM EXPO

Salina students had the opportunity to share their learning with others during our STEAM Expo on May 28. Teachers were invited to send students with interesting projects to share in the media center. Topics included global warming, genetics, game design, biosphere, hydrosphere, terrarium, worms and robotics. The students did an excellent job of explaining their learning to other students.

## Volunteers and Chaperones

If you are interested in volunteering at school or chaperoning for a field trip, you must fill out a form in the main office. This form is necessary for the safety and well being of our students. The process takes up to 2 weeks. Please do not wait till the last minute to fill this form out. Stop by the main office anytime. Our secretaries will help you fill it out. You will need a photo copy of your most recent drivers license or State Photo ID .

## Colorin Colorado: Features Salina!

A new professionally-produced video touting the success of Dearborn Public Schools programs for immigrant students will be shown during a special screening and the public is invited to attend. The screening will take place at 3:30 p.m. June 10 at Salina Intermediate School. The video was created by Colorin Colorado with cooperation from the District and the Dearborn Federation of Teachers (DFT), a branch of the Ameri-

can Federation of Teachers (AFT). The project showcases how the District nurtures and integrates the newest members of the Dearborn community into school culture. Dearborn Schools students, teachers, administrators, school staff and families are featured in the video. Crews were at Salina filming last year. The video will be featured on the national website of Colorin Colorado, a partnership of the AFT and the

PBS station WETA in Washington, D.C. Colorin Colorado is the most widely used national website for educators and families to help English language learners in grades preschool through 12. (Courtesy of Dearborn patch)
